SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549**

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the Quarterly Period Ended June 30, 2024

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 000-56421

ASIAFIN HOLDINGS CORP.

(Exact name of registrant issuer as specified in its charter)

Nevada

(State or other jurisdiction of
incorporation or organization)

7389

(Primary Standard Industrial
Classification Number)

37-1950147

(IRS Employer
Identification Number)

**Suite 30.02, 30th Floor, Menara KH (Promet),
Jalan Sultan Ismail, 50250 Kuala Lumpur, Malaysia.**
(Address of principal executive offices, including zip code)

±(60)3 2148 7170

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (section 232.405 of this chapter) during the preceding twelve months (or shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large Accelerated Filer

Accelerated Filer

Non-accelerated Filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

**APPLICABLE ONLY TO ISSUERS INVOLVED IN BANKRUPTCY PROCEEDINGS DURING THE
PRECEDING FIVE YEARS:**

Indicate by check mark whether the registrant has filed all documents and reports required to be filed by Sections 12, 13 or 15(d) of the Securities Exchange Act of 1934 subsequent to the distribution of securities under a plan confirmed by a court.

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name on each exchange on which registered
N/A	N/A	N/A

APPLICABLE ONLY TO CORPORATE ISSUERS:

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

Class	Outstanding at August 7, 2024
Common Stock, \$0.0001 par value	81,551,838

6	Insite MY Systems Sdn Bhd	Malaysia at January 18, 2000	500,000 shares of common stock	Provision of information technology services
7	Insite MY Innovations Sdn Bhd	Malaysia at January 18, 2010	540,000 shares of common stock	Provision of information technology services
8	OrangeFIN Asia Sdn Bhd	Malaysia at January 25, 2018	50,000 shares of common stock	Provision of computer programming activities and services
9	TellUS Report Sdn Bhd	Malaysia at September 22, 2023	100 shares of common stock	Provision of information technology services
No.	Associate Company Name	Domicile and Date of Incorporation	Particulars of Issued Capital	Principal Activities
1	Murni StarFIN Sdn Bhd	Malaysia at September 9, 2022	100,000 shares of common stock	Provision of information technology services
2	KSP AsiaFIN Co., Ltd. (FKA KSP StarFIN Co., Ltd.)	Thailand at August 11, 2023	50,000 shares of common stock	Provision of information technology services

Mr. Wong Kai Cheong is the common director of all of aforementioned companies except KSP AsiaFIN Co., Ltd.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

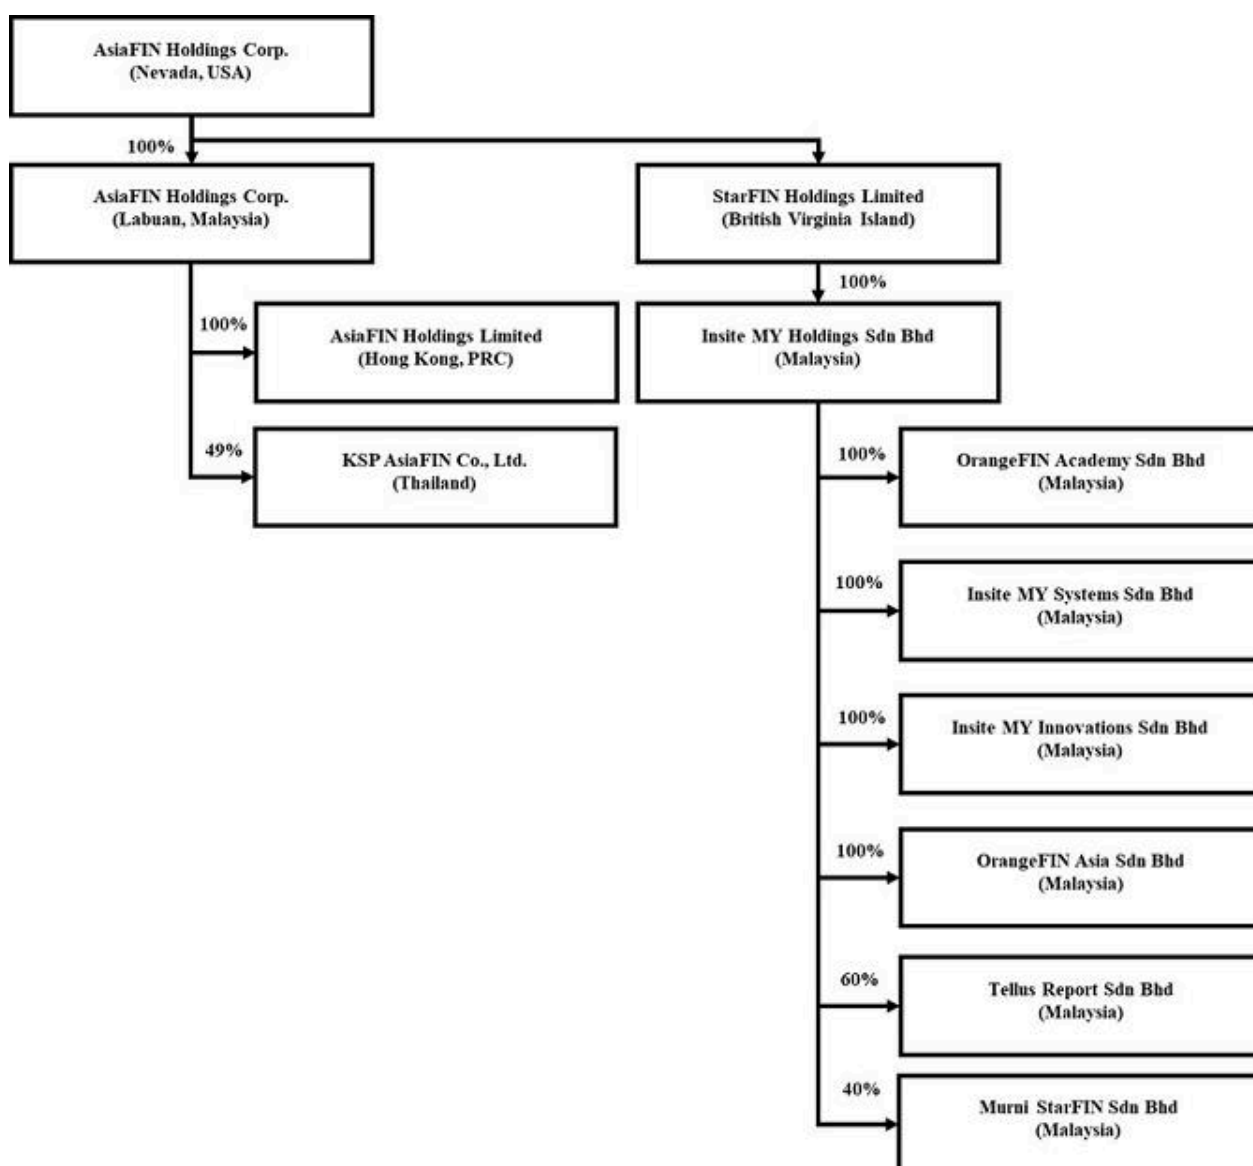

Basis of Presentation

These accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

The accompanying financial statements include the accounts of the Company and its subsidiaries and associates. Intercompany transactions and balances were eliminated in consolidation. The Company has adopted December 31 as its fiscal year end.

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries and majority-owned subsidiaries which the Company controls and entities for which the Company is the primary beneficiary. For those consolidated subsidiaries where the Company's ownership is less than 100%, the outside shareholders' interests are shown as non-controlling interests in equity. Acquired businesses are included in the consolidated financial statements from the date on which control is transferred to the Company. Subsidiaries are deconsolidated from the date that control ceases. All inter-company accounts and transactions have been eliminated in consolidation.

Below is the organization chart of the Group.

Use of Estimates

In preparing these financial statements, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheets and revenues and expenses during the years reported. Actual results may differ from these estimates.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investments with an original maturity of 90 days or less to be cash equivalents.

Our deposit in Malaysia banks are secured by Perbadanan Insurans Deposit Malaysia, compensating up to a limit of Malaysia Ringgit MYR250,000 per deposit per member bank, which is equivalent to \$52,831, if any of our bank fail.

Property, Plant and Equipment

Property, plant and equipment are stated at cost, with depreciation and amortization provided using the straight-line method over the following periods:

<u>Asset Categories</u>	<u>Depreciation Periods</u>
Renovation	over the remaining lease period
Computer Systems	4 to 5 years
Furniture and Fittings	10 years
Electrical Fittings	10 years
Handphone	5 years
Office Equipment	10 years
Motor Vehicle	5 years
Property	50 years

Credit losses

The Company estimates and records a provision for its expected credit losses related to its financial instruments, including its trade receivables. Management considers historical collection rates, the current financial status of the Company's customers, macroeconomic factors, and other industry-specific factors when evaluating current expected credit losses. Forward-looking information is also considered in the evaluation of current expected credit losses. However, because of the short time to the expected receipt of accounts receivable, management believes that the carrying value, net of expected losses, approximates fair value and therefore, relies more on historical and current analysis of such financial instruments, including its trade receivables.

Credit loss rate is determined by historical collection based on aging schedule, adjusted for current conditions using reasonable and supportable forecasts. Based on the aging categorization and the adjusted loss rate per category, an allowance for credit losses is calculated by multiplying the adjusted loss rate with the amortized cost in the respective age category.

Investment in associate

In accordance with ASC Topic 321, "Investments – Equity Securities", the Company measures the investment in associate without a readily determinable fair value at its cost minus impairment, if any. The Company reassess at each reporting period whether the equity investment without a readily determinable fair value qualifies to be measured at fair value. The measurement of those securities at fair value shall be irrevocable. Any resulting gains or losses on the investment in associate for which that measurement is made shall be recorded in earnings at that time. At each reporting period, the Company makes a qualitative assessment on the investment in associate considering impairment indicators to evaluate whether the investment is impaired. If an equity security without a readily determinable fair value is impaired, the Company shall include an impairment loss in net income equal to the difference between the fair value of the investment and its carrying amount.

Revenue recognition

The Company through subsidiaries generate multiple streams of revenues based on different business model adopted by each subsidiary through provisions of services and recognized upon customer obtained control of promised services and recognized in an amount that reflects the consideration that the Company expects to receive in exchange for those services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The Company applies the following five-step model in order to determine this amount:

- (i) Identify contract with customer;
- (ii) Identify distinct performance obligations in contract, including promises if any;
- (iii) Measurement of the transaction price, including the constraint on variable consideration;
- (iv) Allocation of the transaction price to the performance obligations; and
- (v) Recognition of revenue when (or as) the Company satisfies each performance obligation.

Cost of revenue

Cost of revenue includes direct costs associated with provision of services such as development costs, purchases of third-party software, maintenance fees and consultation fees.

Income tax expense

Income taxes are determined in accordance with the provisions of ASC Topic 740, "Income Taxes" ("ASC Topic 740"). Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted income tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Any effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

ASC 740 prescribes a comprehensive model for how companies should recognize, measure, present, and disclose in their financial statements uncertain tax positions taken or expected to be taken on a tax return. Under ASC 740, tax positions must initially be recognized in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities. Such tax positions must initially and subsequently be measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the tax authority assuming full knowledge of the position and relevant facts.

The Company conducts major businesses in Malaysia and is subject to tax in their own jurisdictions. As a result of its business activities, the Company will file separate tax returns that are subject to examination by the foreign tax authorities.

Going concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business.

As reflected in the accompanying financial statements, for the six months ended June 30, 2024, the Company incurred a net loss of \$559,207. These factors raise substantial doubt about the Company's ability to continue as a going concern within one year of the date that the financial statements are issued.

The Company does not have sufficient revenue to cover its operating cost due to the research and development activities performed in the initial stage. The Company's ability to continue as a going concern is dependent upon improving its profitability and the continuing financial support from its major shareholders. Management believes the existing shareholders or external financing will provide the additional cash to meet the Company's obligations as they become due.

No assurance can be given that any future financing, if needed, will be available. These and other factors raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments to reflect the possible future effects on the recoverability in profitability that may result in the Company not being able to continue as a going concern.

Foreign currencies translation

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting exchange differences are recorded in the statement of operations and comprehensive income (loss).

The functional currency of the Company is the United States Dollars ("US\$") and the accompanying financial statements have been expressed in US\$. In addition, the Company's subsidiary maintains its books and record in Malaysia Ringgits ("MYR"), United States Dollars ("US\$"), Hong Kong Dollars ("HK\$") and Thailand Baht ("THB"), which is the respective functional currency as being the primary currency of the economic environment in which the entity operates.

In general, for consolidation purposes, assets and liabilities of its subsidiaries whose functional currency is not US\$ are translated into US\$, in accordance with ASC Topic 830-30, "Translation of Financial Statement", using the exchange rate on the balance sheet date. Revenues and expenses are translated at average rates prevailing during the period. The gains and losses resulting from translation of financial statements of foreign subsidiary are recorded as a separate component of accumulated other comprehensive income.

Translation of amounts from the local currency of the Company into US\$1 has been made at the following exchange rates for the respective periods:

	For the period six months ended June 30	
	2024	2023

Related parties

Parties, which can be a corporation or individual, are considered to be related if the Company has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Companies are also considered to be related if they are subject to common control or common significant influence.

Fair value of financial instruments

The carrying value of the Company's financial instruments: cash and cash equivalents, trade receivable, deposits and other receivables, amount due to related parties and other payables approximate at their fair values because of the short-term nature of these financial instruments.

The Company also follows the guidance of the ASC Topic 820-10, "Fair Value Measurements and Disclosures" ("ASC 820-10"), with respect to financial assets and liabilities that are measured at fair value. ASC 820-10 establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value as follows:

Level 1 : Observable inputs such as quoted prices in active markets;

Level 2 : Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and

Level 3 : Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

As of June 30, 2024, the Company did not have any nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements, at least annually, on a recurring basis, nor did the Company have any assets or liabilities measured at fair value on a non-recurring basis.

Net Income/(Loss) per Share

The Company calculates net income/(loss) per share in accordance with ASC Topic 260, "Earnings per Share." Basic income/(loss) per share is computed by dividing the net income/(loss) by the weighted-average number of common shares outstanding during the period. Diluted income per share is computed similar to basic income/(loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common stock equivalents had been issued and if the additional common shares were dilutive.

Lease

The Company offices for fixed periods pre-emptive extension options. The Company recognizes lease payments for its short-term lease on a straight-line basis over the lease term.

Lease liability is initially and subsequently measured at the present value of the unpaid lease payments at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus any initial direct costs incurred less any lease incentives received. Costs associated with operating lease assets are recognized on a straight-line basis within operating expenses over the term of the lease.

In determining the present value of the unpaid lease payments, ASC 842 requires a lessee to discount its unpaid lease payments using the interest rate implicit in the lease or, if that rate cannot be readily determined, its incremental borrowing rate. As most of the Company leases do not provide an implicit rate, the Company uses its incremental borrowing rate as the discount rate for the lease. The Company incremental borrowing rate is estimated to approximate the interest rate on a collateralized basis with similar terms and payments.

Acquisition Agreement

The acquisition of StarFIN Holdings Limited. ("SFHL") has been accounted for under the purchase method of accounting in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations". Under the purchase method of accounting, the purchase price is allocated to the assets acquired and liabilities assumed based on their estimated fair values.

The allocation of the purchase price has been prepared based on preliminary estimates of fair values. However, actual amounts recorded upon the finalization of estimates of fair values may differ from the information presented in these unaudited pro forma condensed combined consolidated financial statements. The Company estimates of the fair values of the assets and liabilities of SFHL have been combined with the recorded values of the assets and liabilities of SFHL in the audited condensed combined financial information, goodwill was immediately impaired upon recognition.

Recently Issued Accounting Standards

The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Company's financial statements.

3. BUSINESS COMBINATIONS

On December 22, 2022, the Company acquired 100% equity interest in StarFIN Holdings Limited in exchange, the Company issued 8,232,038 restricted shares of the Company's common stock, valued at \$9,055,242. The consideration was derived from an agreed valuation of SFHL at \$9,055,242. The acquisition was consummated on January 20, 2023.

The acquisition of SFHL has been accounted for under the purchase method of accounting in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations." Under the purchase method of accounting, the purchase price is allocated to the assets acquired and liabilities assumed based on their estimated fair values.

The allocation of the purchase price has been prepared based on preliminary estimates of fair values. However, actual amounts recorded upon the finalization of estimates of fair values may differ from the information presented in these unaudited pro forma condensed combined consolidated financial statements. The Company estimates of the fair values of the assets and liabilities of SFHL have been combined with the recorded values of the assets and liabilities of SFHL in the audited condensed combined financial information, goodwill was immediately impaired upon recognition. - Foreign	\$ 3,358	\$ 3,357
Income tax assets:		
- Local	\$ -	\$ -
- Foreign	\$ 255,386	\$ -

The effective tax rate in the years presented is the result of the mix of income earned in various tax jurisdictions that apply a broad range of income tax rates. During the period presented, the Company has a number of subsidiaries that operates in various countries: United States, Hong Kong, British Virginia Island and Malaysia that are subject to taxes in the jurisdictions in which they operate, as follows:

United States of America

The Company is registered in the State of Nevada and is subject to the tax laws of the United States of America. As of June 30, 2024, the operations in the United States of America incurred \$809,648 of cumulative net operating losses (NOL's) which can be carried forward to offset future taxable income. The NOL carry forwards begin to expire in 2044, if unutilized. The Company has provided for a full valuation allowance of approximately \$170,026 against the deferred tax assets on the expected future tax benefits from the net operating loss carry forwards as the management believes it is more likely than not that these assets will not be realized in the future.

Hong Kong

AsiaFIN Holdings Corp. is subject to Hong Kong Profits Tax, which is charged at the statutory income tax rate of 8.25% on its assessable income.

Labuan

Under the current laws of the Labuan, AsiaFIN Holdings Corp. is governed under the Labuan Business Activity Act, 1990. The tax charge for such company is based on 24% of net audited profit.

Malaysia

All Malaysia companies are subject to the Malaysia Corporate Tax Laws at a two-tier corporate income tax rate based on amount of paid-up capital. The 2024 tax rate for company with paid-up capital of MYR 2,500,000 (approximately \$528,307) or less and that are not part of a

group containing a company exceeding this capitalization threshold is 17% on the first MYR 600,000 (approximately \$126,794) taxable profit with the remaining balance being taxed at 24%.

As of June 30, 2024, the operations in Malaysia incurred \$7,454,813 of cumulative net operating losses which can be carried forward to offset future taxable income. The net operating loss can be carried forward for seven years. The Company has provided for a full valuation allowance against the deferred tax assets of \$1,267,318 on the expected future tax benefits from the net operating loss carry forwards as the management believes it is more likely than not that these assets will not be realized in the future.

15. DIVIDEND

For the year ended December 31, 2022, Insite MY Innovations Sdn Bhd and Insite MY Systems Sdn Bhd, passed a board resolution for declaration of dividend amounted MYR1,700,000 (approximately \$385,680) and MYR4,294,000 (approximately \$974,182), respectively to StarFIN Asia Sdn Bhd. Subsequently, StarFIN Asia Sdn Bhd passed a board resolution for declaration of dividend amounted MYR5,794,000 to Mr. Wong Kai Cheong and Mr. Hoo Swee Ping, before acquired by StarFIN Holdings Limited on January 20, 2023.

No dividend was declared for the six months ended June 30, 2024.

16. FOREIGN CURRENCY EXCHANGE RATE

The Company cannot guarantee that the current exchange rate will remain stable, therefore there is a possibility that the Company could post the same amount of income for two comparable periods and because of the fluctuating exchange rate post higher or lower income depending on exchange rate converted into US\$ at the end of the financial year. The exchange rate could fluctuate depending on changes in political and economic environments without notice.

17. SEGMENT REPORTING

ASC 280, "Segment Reporting" establishes standards for reporting information about operating segments on a basis consistent with the Company's internal organization structure as well as information about services categories, business segments and major customers in financial statements. The Company has single reportable segment based on business unit, information technology business and two reportable segments based on country, Malaysia and Non-Malaysia.

In accordance with the "Segment Reporting" Topic of the ASC, the Company's chief operating decision maker has been identified as the Chief Executive Officer and President, who reviews operating results to make decisions about allocating resources and assessing performance for the entire Company. Existing guidance, which is based on a management approach to segment reporting, establishes requirements to report selected segment information quarterly and to report annually entity-wide disclosures about products and services, major customers, and the countries in which the entity holds material assets and reports revenue. All material operating units qualify for aggregation under "Segment Reporting" due to their similar customer base and similarities in economic characteristics; nature of products and services; and procurement, manufacturing and distribution processes.

18. SUBSEQUENT EVENTS

In accordance with ASC Topic 855, "Subsequent Events", which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued, the Company has evaluated all events or transactions that occurred after June 30, 2024 up through the date the Company presented these unaudited financial statements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The information contained in this quarter report on Form 10-Q is intended to update the information contained in our Form 10-K dated March 22, 2024, for the year ended December 31, 2023 and presumes that readers have access to, and will have read, the "Management's Discussion and Analysis of Financial Condition and Results of Operations" and other information contained in such Form 10-K. The following discussion and analysis also should be read together with our financial statements and the notes to the financial statements included elsewhere in this Form 10-Q.

The following discussion contains certain statements that may be deemed "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements appear in a number of places in this Report, including, without limitation, "Management's Discussion and Analysis of Financial Condition and Results of Operations." These statements are not guarantees of future performance and involve risks, uncertainties and requirements that are difficult to predict or are beyond our control. Forward-looking statements speak only as of the date of this quarter report. You should not put undue reliance on any forward-looking statements. We strongly encourage investors to carefully read the factors described in our Form S-1/A registration statement, filed on March 19, 2021, in the section entitled "Risk Factors" for a description of certain risks that could, among other things, cause actual results to differ from these forward-looking statements. We assume no responsibility to update the forward-looking statements contained in this quarter report on Form 10-Q. The following should also be read in conjunction with the unaudited Condensed Consolidated Financial Statements and notes thereto that appear elsewhere in this report.

Company Overview

Our Company offer range of system solutions in Payment Processing, Robotic Process Automation (RPA), and Regulatory Technology (RegTech) to financial institutions, regulatory agencies, professional service providers and private enterprises from various industries, with existing client in the Asia region with over 60 key bank customers on payment processing and our Robotic Process Automation solution company has more than 100 customers in Asia. Our solutions includes:

Payment Processing

We have our own web-based payment processing system for check clearing used in central banks, financial institutions and payment system providers. This image-based check truncation system (CTS) is similar to the one used in the United States of America, under the CHECK21 standards. Our CTS systems are sold in Malaysia, Singapore, Indonesia, Philippines, Myanmar, Thailand, Pakistan and Bangladesh.

We also have a ISO20022 compliant payment gateway solutions for central bank and financial institutions that is capable of supporting the Straight Through Processing (STP) of all types of payment transactions (including SWIFT, Real-Time Gross Settlement (RTGS), GIRO (NACHA standards) and FAST payment and extendable to interface with various types of payment gateways. Our STP payment gateway are sold in Malaysia, Myanmar and Indonesia.

RegTech

We have a regulatory and financial reporting (RegTech) system which conform to XBRL reporting standards and other compliance reporting required by Regulatory agencies such as Central Bank, Securities Commission, Tax Authority Department and Companies Registry. Our reporting platform covers financial statistic reporting, credit risk exposure and analysis, risk management reports, FATCA & CRS reporting, external sector reporting, Goods and Services Tax (GST) reporting for reporting entities. We have more than 20 financial institutions using our platform.

Additionally, the company plans to further develop a RegTech Software as a Service (SaaS) solution for public listed companies and financial institution for Environmental Social and Governance (ESG) compliant reporting. ESG guidelines have already been issued by Bank Negara Malaysia, the central bank of Malaysia and Bursa Malaysia Stock Exchange for their members in reducing carbon footprint.

Robotic Process Automation

We have our own Artificial Intelligent (AI) based, Robotic Process Automation Software (RPA) solutions for financial institutions, large corporations and small medium enterprises. RPA utilises software Robots for the automation of mundane, labour intensive, manual computer operations. Robots are utilized for the processes where it helps to reduce operational costs and also costs arising from human error. Our system automates the capturing of customer information from identity cards, passports and other identification peripherals. Our solution automatically extract data from customers' identity card, passport, etc. and immediately fill-in the forms, eliminating the friction and errors caused by manual input, through Intelligent Character Recognition technology and other AI based technologies. Information extracted from an official identification document will then be checked against existing financial institutions database for regulatory screening in Internal Blacklist Check, Anti Money Laundering, Credit Scoring Check, FATCA, Common Reporting Standard (CRS) and ESG reporting, etc.

Off-balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to our stockholders as of June 30, 2024.

Contractual Obligations

As a smaller reporting company, we are not required to provide the aforementioned information.

Critical Accounting Policies

The Company reviews new accounting standards as issued. Management has not identified any other new standards that it believes will have a significant impact on the Company's consolidated financial statements.

Item 3 Quantitative and Qualitative Disclosures About Market Risk.

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide information required by this Item.

Item 4 Controls and Procedures.

Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934 (the "Exchange Act"), that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure.

We carried out an evaluation, under the supervision and with the participation of our management, including our chief executive officer, of the effectiveness of our disclosure controls and procedures as of June 30, 2024. Based on the evaluation of these disclosure controls and procedures, and in light of the material weaknesses found in our internal controls over financial reporting, our chief executive officer concluded that our disclosure controls and procedures were not effective. The matters involving internal controls and procedures that our management considered to be material weaknesses under the standards of the Public Company Accounting Oversight Board were: (i) lack of a functioning audit committee due to a lack of a majority of independent members and a lack of a majority of outside directors on our board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (ii) inadequate segregation of duties and effective risk assessment; (iii) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of both US GAAP and SEC guidelines; and (iv) lack of internal audit function due to the fact that the Company lacks qualified resources to perform the internal audit functions properly and that the scope and effectiveness of the internal audit function are yet to be developed. The aforementioned material weaknesses were identified by our chief executive officer in connection with the review of our financial statements as of June 30, 2024.

Management’s Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The internal controls for the Company are provided by executive management’s review and approval of all transactions. Our internal control over financial reporting also includes those policies and procedures that:

1. pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. GAAP, and that our receipts and expenditures are being made only in accordance with the authorization of our management; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company’s internal control over financial reporting as of June 30, 2024. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control-Integrated Framework. Management’s assessment included an evaluation of the design of our internal control over financial reporting and testing of the operational effectiveness of these controls.

As of June 30, 2024, management assessed the effectiveness of our internal control over financial reporting based on the criteria for effective internal control over financial reporting established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) in 2013 and SEC guidance on conducting such assessments. Based on such evaluation, the Company’s management concluded that, during the period covered by this Report, our internal control over financial reporting were not effective due to the presence of material weaknesses.

Changes in Internal Control over Financial Reporting:

There were no changes in our internal control over financial reporting during the six months ending June 30, 2024, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings

We are not subjected to nor engaged in any litigation, arbitration or claim of material importance, and no litigation, arbitration or claim of material importance is known to us to be pending or threatened by or against our Company that would have a material adverse effect on our Company's results of operations or financial condition. Further, there are no proceedings in which any of our directors, officers or affiliates, or any beneficial shareholder are an adverse party or has a material interest adverse to our Company.
